

# ECOFLEX™

Where Passion and  
Service Drive Innovation

## Benefits of the Monarch EcoFlex™

### Scope 1 Zero-Emission Design

- ▶ On-Skid Air Compressor for Instrumentation
- ▶ Pressure Safety Valve's Captured and Brought to Skid Edge
- ▶ Blowdown Captured and Brought to Skid Edge
- ▶ Packing Vent + Drains Captured and Brought to Skid Edge

Significant Lease Operating Expense Savings for Customers

Less Preventative Maintenance Downtime

Smaller Footprint Resulting in Lower Mobilization Cost

50% Turndown Capability

No Derate – No Ambient Temperature Issues

Reduces Mechanical Failure Components

Superior Reliability vs Gas-Drive

Built in the U.S.A

## The Fleet

EcoFlex™ 800 driving a 3-Stage Ariel Compressor

EcoFlex™ 1500 driving a 3-Stage Ariel Compressor

EcoFlex™ 2500 driving a 3-Stage Ariel Compressor

EcoFlex™ 5000 driving a 3-Stage Ariel Compressor
